I am endeavoring to see God through service of humanity for I know that God is neither in heaven, nor down below, but in everyone.

- Mahatma Gandhi

## MESSAGE FROM THE FOUNDER

Dear Friends,

As I look back on the financial year 2022–2023, my heart is filled with gratitude for the journey we have shared. This year has been a testament to what can be achieved when compassion meets collective action. Together, we have reached hundreds of lives, offering not just medical care, but dignity, hope, and the reassurance that no one is alone in their fight against illness.

Through **Project Shakthi**, our mission to empower women and youth with cancer awareness and early detection reached new heights. We conducted **nine impactful events**, from medical camps in underserved communities to targeted awareness sessions in schools, workplaces, and women's groups. In total, **428 individuals** benefited from screenings, health talks, and preventive education. Each camp was more than a medical intervention—it was a conversation, a moment of empowerment, and often, the first step toward timely care.

**Project Karunai** reminded us of the profound difference timely support can make. We extended **financial assistance to 50+ beneficiaries**, including cancer patients in urgent need of treatment and vulnerable children in orphanages. The total aid was not just a number—it was a lifeline for families navigating some of the most difficult moments of their lives.

Beyond these flagship initiatives, our vision for holistic community health took shape through plans for a **palliative care** centre—a space where medical excellence will meet compassion, ensuring comfort and dignity for patients in advanced stages of illness. This greenfield project will be a cornerstone of our future, combining palliation with holistic therapies to ease suffering and uplift spirits.

Education, too, remained central to our mission. We continued to open doors for young women from disadvantaged backgrounds, offering free paramedical training, accommodation, and meals. By equipping them with skills in patient care, physiotherapy, hospital management, and more, we are not only creating livelihoods but also building a compassionate healthcare workforce for tomorrow.

What warmed our hearts most were the women who returned, bringing their sisters, neighbours, and mothers. Health, we realized, spreads like hope.

**Looking ahead, our plans are both ambitious and deeply rooted in our founding values. We aim to:**

- Launch the **free cancer screening clinic** for marginalized communities, with a strong focus on cancer screening and preventive care.
- Expand **Project Shakthi** to reach more rural and semi-urban areas, integrating HPV vaccination drives and oral cancer screening into every camp.
- Accelerate fundraising and partnerships to bring the **palliative care centre** to life within the next two years.
- Strengthen our educational outreach, ensuring every paramedical graduate finds meaningful employment in healthcare.

Every milestone we have achieved this year has been possible because of your trust, generosity, and belief in our mission. As we step into the future, I invite you to continue walking with us—because together, we can ensure that no one is left behind due to lack of awareness, access, or resources.

In the words of Mahatma Gandhi, “The best way to find yourself is to lose yourself in the service of others.” May we keep finding ourselves, again and again, in the lives we touch.

With gratitude and hope,

**Dr. M. Banu Priya** MD, FIAMS, CCEPC (Palliative Care)

Founder, Kalpavriksham Trust

**Dr. M. Banu Priya**  
 Founder and President,  
**Kalpavriksham**  
 Founder and Chairperson, Senior  
 Consultant Radiation Oncologist,  
**Privaram Cancer Hospital**

**About Us:**

Kalpavriksham, is the brainchild of Dr. M. Banu Priya, who founded the trust in the year 2011 while studying for her third year MBBS degree, with nothing more than a few thousand rupees and the will to serve those in need. Her first brush with social work came while visiting the pediatric ward of her alma mater, Government Medical College, Thoothukudi as an undergraduate student. She encountered a three-year-old toddler with severe cardiac abnormalities and destitute parents who could not afford the child's treatment. Moved by their plight, Dr. Banupriya initiated a fundraising campaign within her hostel and undergraduate friends. The response to this initiative was overwhelming, she managed to raise enough funds for the child to get surgical treatment at a reputable charitable hospital and thanks to her efforts the child has grown to be a healthy teenager today. Inspired by the success of her campaign, she founded Kalpavriksham trust and adopted the motto "Join hands to save lives" as the trust's official slogan. True to the slogan, with the help of like-minded individuals she has gone about creating awareness and raising funds for social causes.

Over the years the trust has undertaken a number of activities; free medical camps have been conducted in various places ranging from Villivakkam, Chennai to Bodipalayam, Pollachi. These camps have served multitudes of poor people by providing them with free quality healthcare and medicines in their time of crisis. The trust also played a pivotal role during the calamitous flooding of Chennai city in the year 2015, free medical camps were conducted in Kotturpuram and Palavakkam, care packages comprising of essential household items were distributed in Saidapet and individual business owners who lost their livelihood were provided financial aid to stand up on their feet again. All these activities have earned our Trust a lot of goodwill among the common public and has motivated the founder and trustees to push forward on with their aim to serve.

The young undergraduate student is now an eminent Radiation Oncologist and double Gold Medalist from Cancer Institute, Adyar and MGR Medical University. Along with her, the trust has also evolved to focus on "Solving the cancer crisis". As an oncologist, Dr Banupriya believes strongly that cancer can be best tackled by prevention and early diagnosis. Today our activities span cancer prevention through free HPV vaccination; early diagnosis through free mammogram, pap smear; training underprivileged girls in paramedical courses free of cost; cancer treatment at an affordable cost and palliative care.

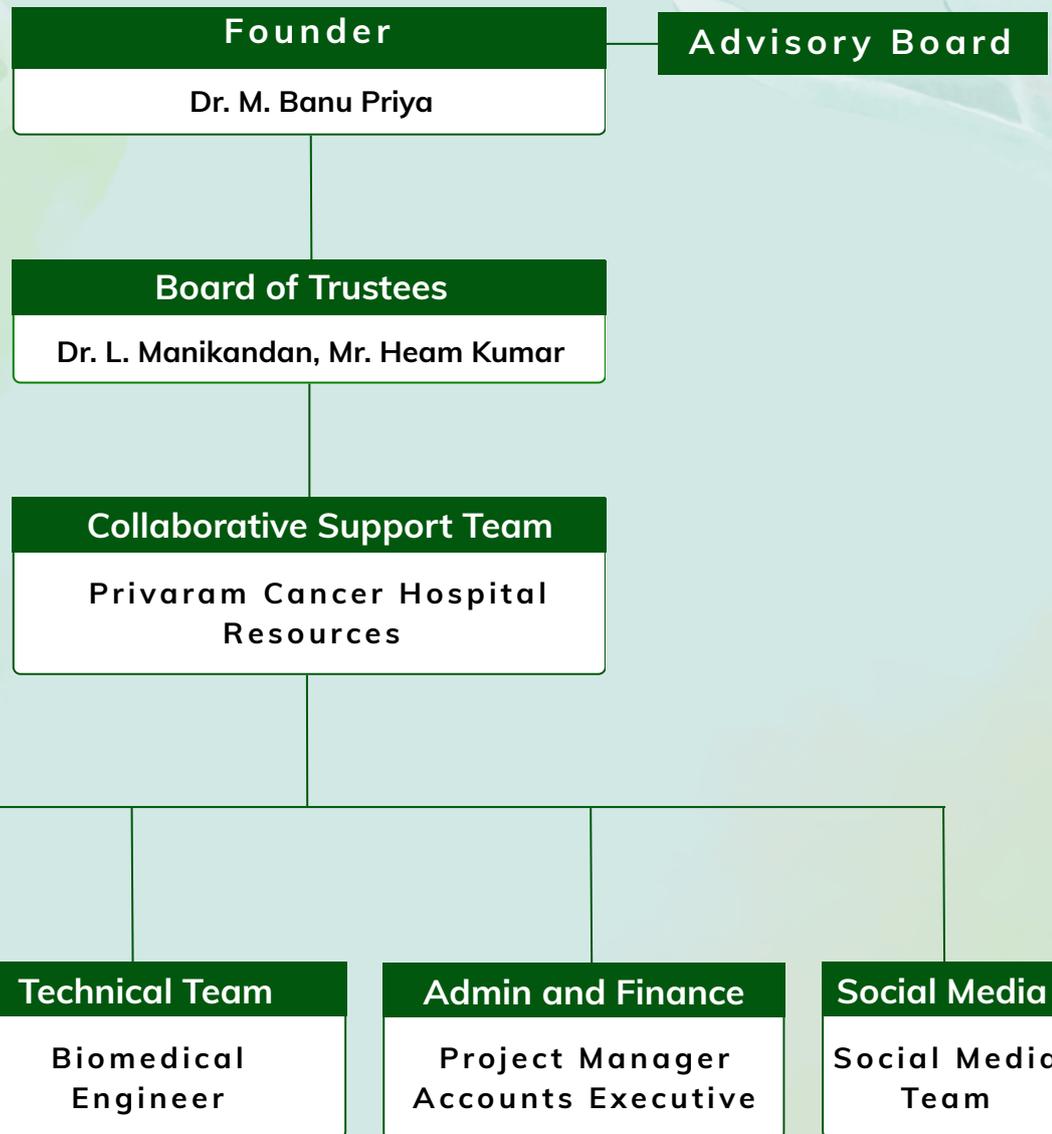

**Vision Statement:**

To uplift society, alleviate pain and suffering from cancer and make a positive difference in the community we live in.

**Mission Statement:**

To conduct free cancer screening, cancer prevention vaccination and medical camps, create awareness about cancer. To provide financial aid for medical, educational and occupational needs of underprivileged individuals.

## GRATITUDE

### **Gratitude** *Celebrating Every Hand That Joined Ours to Save Lives*

At Kalpavriksham Trust, every life we touch is a reflection of the many hands that lift us higher. As we close the financial year 2022–2023, we pause to honor the unwavering support of our donors, volunteers, healthcare partners, and community champions who made this journey possible.

To Our **Medical Collaborators**, especially the dedicated team at Privaram Cancer Hospital, thank you for standing with us in every camp, screening, and awareness session. Your expertise and compassion have been the backbone of our initiatives—from oral cancer screenings on World Cancer Day to breast cancer awareness talks that empowered hundreds of women.

To Our **Donors**, your generosity has been transformative. Through Project Karunai, your contributions helped fund critical treatments for patients like Ms. Shaina Begum and Mr. Murugan, and supported vulnerable children at Annai Fathima Orphanage. Each rupee you gave became a lifeline, a second chance, and a promise of care.

To Our **Volunteers and Educators**, thank you for nurturing the next generation through Pearl Health Institute. Your mentorship and dedication have opened doors for young women to pursue careers in healthcare, breaking cycles of poverty and illness.

To Our **Community Partners and Institutions**, thank you for welcoming us into your spaces—from churches and schools to factories and welfare centers. Your openness allowed us to reach 523 beneficiaries across 15 events, spreading awareness, conducting screenings, and building trust.

And to every individual who believed in our mission—thank you. Your faith fuels our optimism and strengthens our resolve to build a future where no one is left behind.

With deepest gratitude, **Kalpavriksham Trust** join hands to save lives
