I am endeavoring to see God through service of humanity for I know that God is neither in heaven, nor down below, but in everyone.

- Mahatma Gandhi

Dr. M. Banupriya

MD, FIAMS, CCEPC (Pall. Care), Ph D
FOUNDER & PRESIDENT,
KALPAVRIKSHAM TRUST.

MESSAGE FROM THE FOUNDER

Dear Friends, Partners, and Well-Wishers,

There are moments in life that shape who we are and define the path we choose. For me, one such moment came years ago in the pediatric ward. I met a fragile toddler, struggling to breathe, born with a severe heart defect. Her parents stood helpless, unable to afford the treatment she desperately needed.

At that time, I was only a medical student-armed with knowledge but without resources. Yet, what I did have was faith in compassion, the power of collective will, and the belief that humanity can rise to meet any challenge. With a few friends, I rallied support and raised the funds that gave her a chance at life.

Today, that child is a thriving teenager. And that day remains etched in my memory as the cornerstone of what eventually grew into **Kalpavriksham Trust**, a testament to what we can achieve when we come together for a cause greater than ourselves.

Cancer Prevention - Our Foundational Pillar

Transformative key initiatives include - **Project Nila, Femicare+, Sakthi, Shishya, and Karunai**, continued to address diverse needs, including vaccination, women's cancerscreening, awareness creation, paramedical training for underprivileged girls, and patient support with palliative care. A highlight of the second half of the year was the screening of **55 women with intellectual disabilities** at Anbagam Rehabilitation Centre, ensuring access to care for a long-neglected population.

"Our milestones are not just numbers. Each screening, each vaccination, and each diagnosis represents a life touched and a future protected." - is indeed an impactful statement, compassionately made by our eminent founder.

Emergent partnerships with the **Global Cancer Concern India, Mac Com Agencies and Indian Cancer Society** further strengthened training, outreach, and fundraising efforts. With unwavering community support, Kalpavriksham reaffirms its belief that prevention saves lives and invites everyone to join hands in building healthier, cancer-aware communities.

Cancer does not begin in hospitals-it begins silently, in homes and communities where awareness is often absent and access is limited. At Kalpavriksham, every screening camp, vaccination drive, and awareness session is a reminder that the most powerful weapon against cancer is not advanced technology alone, but timely action and informed choice. When prevention becomes a shared responsibility, lives are not just saved-they are transformed

The impact created over these months reinforces a simple truth: early detection is not a privilege; it is a right. Cancer thrives in silence, but hope grows with awareness. By reaching the unreached, identifying cancer before it advances, and restoring dignity to those long neglected, we define the true measure of success.

The journey ahead demands collective commitment, from individuals, institutions, and society extensively. By choosing prevention today, we protect generations tomorrow. Together, under the Kalpa Tree, we are not merely responding to cancer, we are rewriting its story, one life at a time.

Every screening, every vaccination, and every conversation brings us closer to a future where cancer is detected early or prevented entirely. As communities come together to prioritize health, the narrative around cancer shifts from fear to hope, ensuring that when prevention becomes a priority, survival becomes a possibility for all.

Together, we can make change real. Whether you choose to donate, volunteer, or simply share the message, your voice matters. Every step you take strengthens the roots of this movement, every hand you extend becomes a branch of hope. Kalpavriksham is not just a trust, it is a living tree of compassion, growing stronger with each act of kindness. Let us nurture it, so that no child is left untreated, no woman unheard, and no family abandoned to silence. Stand with us, spread awareness, and be the courage that transforms lives.

Dr. M. Banu Priya MD, FIAMS, CCEPC (Palliative Care)
Founder, Kalpavriksham Trust
Senior Consultant Radiation Oncologist.

**WHERE COMPASSION
MEETS ACTION**

Essence Of Kalpavriksham

About Us:

Kalpavriksham, is the brainchild of Dr. M. Banu Priya, who founded the trust in the year 2011 while studying for her third year MBBS degree, with nothing more than a few thousand rupees and the will to serve those in need. Her first brush with social work came while visiting the pediatric ward of her alma mater, Government Medical College, Thoothukudi as an undergraduate student. She encountered a three-year-old toddler with severe cardiac abnormalities and destitute parents who could not afford the child's treatment. Moved by their plight, Dr. Banupriya initiated a fundraising campaign within her hostel and undergraduate friends.

The response to this initiative was overwhelming, she managed to raise enough funds for the child to get surgical treatment at a reputable charitable hospital and thanks to her efforts the child has grown to be a healthy teenager today. Inspired by the success of her campaign, she founded **Kalpavriksham trust** and adopted the motto "Join hands to save lives" as the trust's official slogan. True to the slogan, with the help of like-minded individuals she has gone about creating awareness and raising funds for social causes.

Over the years the trust has undertaken a number of activities; free medical camps have been conducted in various places ranging from Villivakkam, Chennai to Bodipalayam, Pollachi. These camps have served multitudes of poor people by providing them with free quality healthcare and medicines in their time of crisis. The trust also played a pivotal role during the calamitous flooding of Chennai city in the year 2015, free medical camps were conducted in Kotturpuram and Palavakkam, care packages comprising of essential household items were distributed in Saidapet and individual business owners who lost their livelihood were provided financial aid to stand up on their feet again. All these activities have earned our Trust a lot of goodwill among the common public and has motivated the founder and trustees to push forward on with their aim to serve.

The young undergraduate student is now an eminent Radiation Oncologist and double Gold Medalist from Cancer Institute, Adyar and MGR Medical University. Along with her, the trust has also evolved to focus on "Solving the cancer crisis". As an oncologist, Dr Banupriya believes strongly that cancer can be best tackled by prevention and early diagnosis. Today our activities span cancer prevention through free HPV vaccination; early diagnosis through free mammogram, pap smear; training underprivileged girls in paramedical courses free of cost; cancer treatment at an affordable cost and palliative care.

Vision Statement:

To uplift society, alleviate pain and suffering from cancer and make a positive difference in the community we live in.

Mission Statement:

To conduct free cancer screening, cancer prevention vaccination and medical camps, create awareness about cancer. To provide financial aid for medical, educational and occupational needs of underprivileged individuals.

Our Supporters and Partners

D G Vaishnav College

Our Scorecard

45,675

People have been educated on cancer prevention, detection, vaccines and treatment.

2500

People have benefited from 18 general medical camps we conducted

752

Lives have been touched through our support of curative cancer treatment

3441

Beneficiaries have been screened through mobile mammograms and pap smears in free cancer screening camps.

1759

People have taken the pap smear test.

1682

People have been screened with mammograms.

628

Cancer- preventing HPV vaccinations have been administered free of cost.

33

Number of new cancers diagnosed through free cancer screening camps.

5

Students have been trained free of cost to pursue paramedical diploma nursing courses.

Serving communities across Tamil Nadu through cancer awareness, screening, and care.

Project Femicare+

This project is geared towards early diagnosis of breast cancer, cervical cancers, and oral cancer. The driving force of this project is the data which states that screening mammograms and PAP smears can reduce female mortality due to breast cancer by 30% and cervical cancers up to 80%. This year witnessed the launch of ibreastExam device which is time efficient, and can be used for screening women less than 40 years of age.

Screening for oral cancers include a quick, non-invasive examination, which can detect silent precancerous conditions.

This project is driven based on the adage

"When caught early, treatment is more successful"

PROJECT FEMICARE+

2025 - 2026

Project Shakthi

PROJECT SHAKTHI whose goal is to empower women and youth with awareness about cancer. The project focuses on equipping women with the power of self breast examination which leads to early detection of lumps. Likewise, it includes imparting knowledge regarding the need for annual mammograms above the age of 40 years, routine PAP smear examinations and HPV vaccination. Additionally, awareness about women hygiene, oral care and dietary essentials for a healthy future are also presented. We are currently running the project successfully and have conducted many programs.

Project Nila

PROJECT NILA, is an initiative close to our founders heart. The target population of this project is school going girls and teenagers. The scope of this project includes creating awareness about menstrual hygiene along with promotion and administration of HPV vaccines in girls and young women. Similar to screening mammogram, HPV vaccines, have a significant impact in reducing incidence and mortality linked to cervical cancer. It's important to spread this message widely and encourage maximum participation from both boys and girls to ensure the program's success.

PROJECT NILA

Gratitude

Gratitude Structure

We are profoundly grateful to every individual and organization whose faith in Kalpavriksham has guided our journey this year. Your compassion, trust, and steadfast support have turned obstacles into milestones, allowing us to reach more lives in need. As we look back on a year of growth and transformation, we know that none of these achievements would have been possible without your generosity and commitment. From personal acts of kindness to strategic partnerships, each contribution has helped weave a powerful tapestry of hope and healing across our communities.

To Our Beneficiaries

We extend our heartfelt gratitude to the families and individuals who entrusted us with their care. Your strength in facing adversity and your active participation in every program, whether screening, treatment, or palliative support, have been a source of inspiration for our entire team. Your insights and feedback have helped us shape services that are more compassionate, accessible, and effective.

Thank you for allowing Kalpavriksham to walk beside you on this journey; your resilience continues to motivate us to raise the bar of excellence even higher. Together, let us continue building healthier, stronger communities, where hope is shared, healing is possible, and no one is left unseen.

To Our Donors

We sincerely thank the generous Mr. Sivaramakrishnan, Five Star Business Finance Ltd, Mr.Raghavan, Mrs. Yogalakshmi Balakrishnan, Basilic Fly Studio, Mr. Zulfikar, Ms. Daiyana, AV Thomas Leather Industries, Anna Nagar A Block Ladies Association, TVR Foundation, and all other donors whose support powers our mission.

Your philanthropic generosity has allowed us to broaden screening camps, acquire vital equipment, and train healthcare professionals in remote areas. Every rupee and resource you have entrusted to us has been managed with utmost transparency & accountability, magnifying its impact well beyond its monetary value.

We are deeply honoured by your trust in our vision and remain steadfast in our commitment to steward your contributions with integrity and purpose.

Gratitude

Organization Structure

To Our Collaborators and Partners

We pay tribute to the remarkable organizations and institutions whose unwavering support and expertise have illuminated the path of our initiatives.

- Government health departments and public hospitals
- Local NGOs and community health volunteers
- Academic institutions and research centers
- Corporate partners and CSR foundations
- Technical advisors

To Our Volunteers and Staff

To the devoted volunteers, compassionate medical professionals, and tireless administrative teams who breathe life into Kalpavriksham each day: your passion is the heartbeat of our mission. From orchestrating outreach camps and conducting follow-up visits to keeping every record with care, your selfless dedication ensures that no one is ever overlooked. Your empathy transforms clinical procedures into moments of profound human connection, reminding us that healthcare is not just a profession, it is a calling. We celebrate your splendid commitment and cherish every milestone you help us reach.

To Our Community Supporters

We are deeply grateful to every local leader, health worker, and advocacy group who champions our mission. Your cultural insights and trusted voices have opened doors to life-saving conversations. By hosting workshops, helping patients reach care, and offering emotional support, you have been true ambassadors of hope.

This past year's lessons and partnerships remind us that real change happens when communities unite. To all beneficiaries, donors, collaborators, partners, volunteers, and champions, thank you for making our work possible. We thank God for the blessing to serve. Together, we will continue to fight cancer, uplift families, and build a future where health and dignity are universal. Your kindness is the cornerstone of our progress, and your belief in Kalpavriksham keeps us motivated.

Warm regards,

Dr. M. Banu Priya MD, FIAMS, CCEPC (Palliative Care)
Founder, Kalpavriksham Trust
Senior Consultant Radiation Oncologist.
